### **DETAILED ACTION**

1. In response to the previous office action, Applicant has amended claims 30 and 43 and cancelled claim 29. Claims 24, 26-28, 30, 31, 33-44, and 46-54 have been examined.

### ***Allowable Subject Matter***

2. Claims 24, 26-28, 30, 31, 33-44, and 46-54 are allowed.

3. The following is a statement of reasons for the indication of allowable subject matter:

Previously presented claim 24 and amended claims 30 and 43 each recite that salt values are to be generated for each of the applications in a list having a plurality of names of applications. The previously cited art maintains lists of applications (also see U.S. Patent No. 6,006,333 to Nielsen) and relevant password data, but all of the password information is created on an ad hoc basis as the applications are accessed, rather than together in a single step.

All other claims are allowable based upon their dependence upon allowable base claims.

### ***Conclusion***
